

## **Strong growth in Vietnam's rubber exports in September**

Vietnam General Department of Customs said that as of September of this year, Vietnam exported 719,000 tons of natural rubber, \$ 2.05 billion, exports grew 35.4 %, but the value of exports due to the impact of global prices fell 10.8%.

In September alone, Vietnam exported 109,000 tons of natural rubber, \$ 273 million, an average price of \$ 2,511 / ton. The first nine months, the country exports composite rubber 81,000 tons, accounting for 11.3% of the total rubber exports, the average price of \$ 2,884 / ton.

Vietnam Rubber Association, relative to 2011, this year, rubber prices fell sharply, because the rubber price has risen to the highest level in history in 2011. Cycle to see from the rubber tree, rubber prices although major changes, but still profitable to the rubber growers.
