

### **Thai USS3 Rubber Prices Rise; Rain Curbs Tapping (Sept 3)**

Physical prices of Thai USS3 rubber climb to THB77.29-THB77.77/kg from THB76.11-THB76.76/kg Friday, tracking strong gains on Tocom and Shanghai; arrivals are also low under 100 tons due to rain in south Thailand recently, which limits tapping. Outside the central markets, factories are paying around THB80/kg.

Sales in Thailand's three main central markets total around 67.6 tons Monday versus 42.9 tons Friday: 0.6 tons in Hat Yai, 40 tons in Surat Thani, 27 tons in Chandee.
