

## **Vietnam Ministry Sees September Rubber Exports at 91,000 Tons**

Sept. 26 – Vietnam may export 91,000 metric tons of rubber this month, according to a forecast from the Ministry of Agriculture and Rural Development.

Exports for the first nine months of 2012 are seen at 700,000 tons, an increase of 33 percent compared to the same period a year earlier, the ministry said in a monthly report posted on its website.
