

## **Japan rubber stocks rise to two-week high**

TOKYO, Dec 26 (Reuters) – Crude rubber inventories at Japanese ports had climbed to a two-week high of 6,352 tonnes by Dec. 10, after rising 149 tonnes in the previous 10 days, data from the Rubber Trade Association of Japan showed on Wednesday.

Stocks hit a two-month high of 6,739 tonnes on Nov. 10.
