

Vietnam ranked third in the world production of natural rubber

Earlier, the ANRPC is also predicted that Vietnam overtook Malaysia natural rubber producing country the world's third largest.

Vietnam Rubber Association (VRA) said, in 2012 Vietnam exported 1.01 million tons of natural rubber, earned \$ 2.85 billion, an increase of 23.8% in volume, but down 12.6 % in value compared with 2011.

With exports, Viet Nam has become the 3rd largest exporter of natural rubber in the world after Thailand and Indonesia.

Earlier, the Association of production of natural rubber (ANRPC) also forecasts Vietnam rubber production will reach 955,000 tons in 2012, up 17 percent from 2011, overtaken Malaysia as the country of manufacture 3rd largest natural rubber in the world.

By the end of 2012, Vietnam about rubber 910.500ha, beyond planning objectives reach 800.000ha in 2015.
