

## ASEAN RUBBER BUSINESS COUNCIL

(Established: 1<sup>st</sup> January 2005)  
(formerly known as ASEAN Rubber Business Club)

### PRESS RELEASE

#### **ASEAN Rubber Business Council to act against errant parties by publishing their names on its website**

At the 17<sup>th</sup> Assembly of the ASEAN Rubber Business Council (ARBC) held in Phuket, Thailand on 10 November 2012, the Council had taken action to publish names of errant parties on its website as one of its strongest measures taken so far to uphold contract sanctity in the otherwise honourable rubber trading practices which has been compromised to certain extent in recent years with the entry of new market players.

All market players and stakeholders of the rubber industry are strongly encouraged to exercise extreme caution when dealing with these errant parties published on the website, so that the industry can continue to prosper as a healthy and honourable industry in the long-term for all concerned stakeholders.
